**Accidents/Injuries on the Job**

All injuries and accidents must be reported to the supervisor and Library Personnel Office. Failure to follow this procedure could jeopardize the student’s rights to Worker’s Compensation.

**Forms**

Supervisors are responsible for completing the Employees Incident Report Form. You are also responsible for completing the Industrial Commission Form 19 at the University Employee Occupational Health Clinic (UEOHC) for treatment purposes only. These forms are found in the Library Personnel Office. These forms should be filled out within 24 hours of the incident and returned to the Library Personnel Office as soon as possible, but no later than within 48 hours.

**Worker’s Compensation**

Worker’s Compensation benefits are available to any employee who suffers disability through accident or occupational disease arising out of, and in the course of, his or her employment, according to the provisions of the North Carolina Worker’s Compensation Act.
